“ *We just found out that Bertha passed. We are so sorry for your pain from losing Bertha! We loved Bertha so much. She was part of our family and she was so good to all of our family. I still make her pickles, they're the best. Also the BEST pretzels anywhere! She taught me a lot and I will miss her but hold her memory in my heart.*

“ Grandma - Thank you for my Green thumb and love for plants and flowers. I am still nursing the last plant you gave me. Thank you for my ability to be able to recycle and reuse because we all know you would not waste a thing. I know you will be happy in your eternal life fishing, hunting and gardening. And cooking and canning everything possible. I suppose I will have to learn how to make Nifflies and eat rabbit. Only in memory of you! I will miss driving by your house knowing you were in there. I am so sorry I did not stop more. Lesson learned. Never take life for granted. You know you were loved by many and will be missed by so many. I know Ben will miss you yelling - HI Ben, every day in the summer when he walked by. You lived a wonderful full life here on earth now enjoy your eternal life with our Lord. Rest in Peace Grandma. All our Love, Ben and Lisa
