“ *Bev worked with me longer than anyone else in my career, and was universally loved by patients and coworkers for her dedication to her work, her warmth, her competency, and her ability to stay calm under stress. I can't begin to estimate how many mothers told me they were reassured by her advice! She truly enjoyed her work, and always had a good sense of humor. Sending you condolences from Wisconsin at this sad time, especially to members of the Poet family who were my patients. Bev's pride in her family was an inspiration, and I know she loved you all.*

My heartfelt condolences to all of Bev's family. Bev was a wonderful person, who I got to know over many years as she helped keep my husband's (Dr. Bob's) pediatric office running so efficiently. I hold many great memories of Bev and the other staff who shared in the work of caring for all the patients and their families. My prayers for our Lord's loving arms wrapped around all of you during this time. God rest her soul....🙏

Love & hugs, Helene Brougher Pillsbury

“*Beverly was a classmate of mine who I will always remember. She was one of four of us girls from our class that rented a cottage on Strawberry Lake for a week after school was out in 1960. I'm sad that I am the only one of us four that is still living. The other girls and classmates were, Donna Beckington LaMonde, Pat Badour, and now Bev Poet. We had such a great time, it will be in my memory forever. Rest In Peace Pat and say hi to Donna and Pat in Heaven.*
