“ Although I only got to see Brenda every few years we were always able to pick up right where we left off. We met when we were early teens and I loved her from the start. She always had a smile, easily offered her attention and support and always had something positive to add! Indeed a beautiful person inside and out (not sure if she realized how beautiful she was - made me love her even more).

*I am sending my love and prayers to Don, Ian and family. Love,
