“ *My favorite memories of the Robison family are baby sitting. From 10 years old through college I looked forward to being with them most every weekend. They were each unique and Ces was a charmer and could always find a way to get what she wanted, but usually with a smile. She was always the last to go to bed, but those last moments were always so special. Ces would drive her pony cart to Grampa Robison's and the pony would always balk at crossing the yellow line on the pavement to make the turn to Grandpas. It meant leading the pony with treats and hoping it would follow or else returning home. Ces had a way with animals and the family acquired numerous pets.
'Robisons were a special part of my life and each had their own personality.*

“ *Many wonderful memories too. Cec and I used to ride horseback together. I lived on Macon Rd., so I would usually ride and meet Cec in Macon. You know we had to stop at the General Store. Then we would ride the dirt roads in that area. I used to visit your house also. So much fun, I had two older brothers Larry & Ronnie Tucker and your house was full of girls. Oh how my eyes lite up in your house. Clothes, shoes, makeup and jewelry all over. Music and a flurry of activity. f my memory is correct, I also remember an above ground pool. First one I ever saw. Thank you for the wonderful years. My sympathy, Joanne Tucker Barker*
