“ *I had Mr. Hubbard as my art teacher. When I was in 10th grade he talked me into entering a still life drawing of mine at Cleary College. I did so reluctantly and ended up winning top award in drawing. He saw something in me that I didn't. He was a great teacher and will always have a special place in my heart. ❤️*

“ *Mr. Hubbard was an excellent art teacher. I had him for many classes in high school, he taught me so much and let me branch out into other areas I wanted tackle as an artist, he even helped me my senior year put together a portfolio. He was always willing to help a student who was willing to put in the work. He was a talented person and great teacher! He will be missed and remembered by so many.*

“ *Mr Hubbard was my favorite teacher in high school. He taught me so much about art, & gave me the freedom to explore so many different media, even if it was beyond the scope of what he was teaching in the classroom. I was confident in his class in a way I couldn't be in any other place as a teenager, & so much of that was due to his quiet encouragement. He was a gifted teacher, a generous artist, & a kind & wonderful human being. He will be missed.*
