“ *As a small girl living in Albion, Nebraska and as a younger cousin, I remember going out to Doris' family farm on several occasions. It was always so much fun to go out there as it seemed like there was always a litter of kittens, and I loved playing with the kittens and watching Doris with them.*

Doris was a very kind-hearted person and very talented. I remember being in awe of her voice after hearing her sing songs from the musical "Oklahoma". In addition to being musically gifted, she was very creative artistically. One time when I was on a business trip to Colorado Springs, she gave me three ornaments which were Christmas stars that she had hand painted beautifully. Doris was involved in leading cub and boy scout troops during Shane's growing up years. She provided many wonderful experiences for all those boys with her willingness to serve in this capacity.

We will miss Doris for her kindness, enthusiasm for life and sense of humor as well as for all the wonderful qualities and talents mentioned above.

“ I have many fond memories of growing up with Doris. One Christmas, was at their house and with the big hills and lots of snow all us cousins had a ball trying out our new sleds. When the weather was bad we stayed with our Grandmother in Albion going to high school. I still remember the shocked look on her face when we walked into her shop in Estes Park, I have enjoyed staying touch the last few years thanks to the internet.
