

Gerald "Jerry" Quintana

December 28, 1937 - April 19, 2025

Gerald "Jerry" Quintana was born in Pojoaque, New Mexico on December 28th, 1937 to Ramon and Libradita Quintana, as the 10th of 11 children. He spent his early years in Santa Fe before moving to Van Nuys, California where he finished High School. At Van Nuys High he met the love of his life, Hermine Saks. He was a gifted athlete (track and basketball) and was named top scholar-athlete. He and Hermine were married on September 6, 1958 and were blessed with two children, David and Katherine. Jerry graduated from UCSB (Santa Barbara) in May, 1959 and immediately began to serve in the U.S. Army. After training in the U.S. he was commissioned to serve in Ansbach, Germany for two years. Upon his return he began what proved to be a very successful business career with the Burroughs (later Unisys) Corporation. Over the coming decades Jerry's climbing the corporate ladder took the family to Los Angeles, San Diego, Detroit, Albuquerque, Denver, Mission Viejo, Villanova as well as to London, England. David joined an ecumenical missionary brotherhood (the Servants of the Word) and Katherine has provided Jerry and Hermine with four grandchildren and five great grandchildren. Jerry and Hermine retired to Santa Fe in 1993 where they took full advantage of early retirement to travel extensively, play golf and be very involved in their local church. Jerry contracted a serious case of pulmonary fibrosis in 2013 but between excellent medical care and lots of prayers from people all over the world has been very healthy until recently. Jerry died peacefully in his home surrounded by his family on Saturday, April 19th when

the good Lord took him to his heavenly home.

“ I was diagnosed with Idiopathic Pulmonary Fibrosis (IPF) four years ago. For over two years, I relied on prescription medications and therapies, but unfortunately, the symptoms continued to worsen. My breathing became more labored, and I experienced increasing fatigue and shortness of breath with even minimal activity. Last year, out of desperation and hope, I decided to try an herbal treatment program from NaturePath Herbal Clinic. Honestly, I was skeptical at first, but within a few months of starting the treatment, I began to notice real changes. My breathing became easier, the tightness in my chest eased, and I felt more energetic and capable in my daily life. Incredibly, I also regained much of my stamina and confidence. It's been a life-changing experience I feel more like myself again, better than I've felt in years. If you or a loved one is struggling with IPF, I truly recommend looking into their natural approach. You can visit their website at www.naturepathherbalclinic.com
