“ *Gordon/ Howdy, and I flew many San Juan turns together . I was sorry to see him medically retire. When he returned after a long illness to fly the A330 it was nothing short of a miracle. He was back, and I enjoyed once again spending time with him in Amsterdam on the overnights. He made us all laugh and I will always remember his smile. That smile and his spirit touched many people. He will be missed.*

“ There was not a finer guy to work with than Howdy Doody. What a great guy. Always smiling, always out going, always friendly. The only reason I didn't fly more with him was he was so popular to fly with so the senior F/O's got his trips. Much too soon. I am very sorry for your loss.

“ Cynthia and Family,
Angi and I want to extend our heartfelt sympathies to you. Gordon was one of a kind and such a well loved member of the Saline and Travis Pointe communities. He will be sorely missed and wonderfully remembered. I saw him last in October holding court and laughing up a storm at Salt Springs with a bunch of friends. That was Gordon. He was a legend at Detroit Metro and there was not a more popular Pilot. Sadly, Captain Doody has "...slipped the surly bonds of Earth..." Rest in Peace Brother.

“ *The first time I met Gordo, we were flying a San Juan turn. During his break, he intently studied the Wall Street Journal page that had all of the stock info numbers . This naturally started a conversation the eventually led to me signing on with his investment company. I asked him if he encouraged pilots to invest all of their money until it was gone. He assured me that probably was not the case.*

Anyway, over the years, we became very good friends. My wife, Nancy and I enjoyed he and his lovely wife, Cynthia's company. We golfed, he cooked, we drank fine wines that he recommended. He never disappointed.

I feel honored to have known, and been good friends with a one-of-a-kind guy.

Gordon, you will be missed.

“ Captain Gordon Doody, (Howdy, The GREAT Gordo)

Gordon was more like a brother to me than a friend. I met him in 1987 while playing golf with the neighborhood at Travis Pointe and we immediately became life long buddies. Gordon and I took many vacations with our wives and played lots of golf together. On one of many vacations to the Grand Cayman Islands, Gordon decided we needed to get our scuba certification. SO, there we sat on the beach with our Red Stripe beers studying our dive manuals. By the way, he decided we needed to do this all to save \$50 on the resort dive we had been doing for years. Why not???

Gordon had the ability to make every one laugh and have a good time. He however carried this personality over to his career as a Captain for Delta and Northwest (NWA). In January of 1999 Detroit Airport experienced one of the worst snow storms ever and Captain Doody had the dubious distinction of being stranded on the taxiway for 8 plus hours. You can only imagine the situation that this crew and 148 passengers endured while parked 1 mile away from the Detroit Terminal. One might expect several letters of complaint to be written about this situation, yet Captain Doody instead had 50 or so letters complementing him on how he handled this ugly situation and made the best of the situation. This was the GREAT GORDO!!!!!!!

Howdy was also very handy in the kitchen. He would surprise Cynthia on a regular basis with meals he had read about or viewed on some TV show. I can honestly say the best meal I ever had Gordon personally cooked at Travis Pointe with the assistance of the Chef.

My heart is breaking that my friend is gone and the thought I will never be able to see him again on this earth. However, I do realize that he is no longer in pain, FREE of all that cancer and young again, and hopefully I will see him again in another life.

There are few friends that one makes in his life time that make a difference. Gordon was one of those friends.

RIP Buddy. Love ya

“ *My neighbor, my best buddy, my golf partner, my pilot (introduced me to the entire A320 on a flight and made me stand up front and shake hands with the passengers de-planing), nick named me 'Bob', on occasion, my drinking partner, second Dad to my young kids, ring leader, comedian (slightly blue), life of the party, inspiring, magnetic, and more.*
No one will miss him more than me, but, I can only imagine that there are 1,000 right there with me---already miss you, Doods! One of a kind! God Bless!

“ When my family moved to the Lewiston area in 1960 Gord was one of the first people I met at St. Peter's School. From that point on knowing Gord and hanging with him was an adventure! After JV football at Duffy, Gord left for Lew-Port, but we still had many friends in common and continued to have great times, often on the Lower Niagara in boats of various descriptions and reliability. His spirit and smile will be missed, but the memories remain. It was wonderful to meet Gord's wife, Cynthia, at the Lew-Port reunion last summer and our thoughts and prayers are with you. “ Cynthia, and all of the Doody family:
I knew Gordon in the Navy A7 Community in Lemoore, CA.
Great guy, great sense of humor and great stick.
Ran into him in Charleston WV while on a Delta layover; he had not
changed still a great guy. We recalled some fun and fond memories.
My deepest condolences and prayers for peace and comfort.

“ Cynthia, and all of the Doody family. ...Ted (Dash) and I send our deepest condolences to hear of Gordon's passing. Such an amazing battle he waged against such an epic foe... ALWAYS with such spirit and heroic Humor! Much as he'd lived his life, no doubt! The love he earned from so many was a reflection of his generous heart and amazing zest for life. I know Howdy took my hubby under his wing at Pensacola while in flight school, and added the "touch of Lewiston " to this homesick young lady in my early years as a Marine wife.

An Amazing American, husband, father, brother, uncle, grandfather, nephew, dear friend, pilot, advisor and one who lived it to the fullest, bringing so many others under his wing to do the same. Rest In Peace, dearest Gordon.... Prayers continue for all of the family...

“ Dear Cynthia,

I was so very sorry to learn of Gordon's death, just two days before his birthday, too. It is difficult to know what to say because, even though we all experience loss it is different for each of us. I just want you to know that I'm sure all our hearts go out to you.

At our Lew-Port reunion he looked so happy with you by his side and I didn't know he had cancer. I really admire both of you for making the effort to come participate and I am so thankful to have had a chance to see meet you, at least briefly (you were a very busy photographer!) and to see Gordon.

Although your husband and I were classmates at Lew-Port, I never knew him well because we were in different "circles". What I do remember, however, is that Gordon always seemed so good-natured and fun-loving, with a smile on his face. I saw that same side of him at the reunion and I think it was due to being there with you as well as seeing his old classmates.

Cynthia, Gordon was blessed to have such a caring, vivacious, devoted wife. I could see that you two were a deeply loving couple who really enjoyed each other. I know you will miss him but hope you have many good memories of him. Although he is gone physically, you will always keep him in your heart and memory.

I'm too far away to join you for the memorial mass celebrating Gordon's life and to give you a healing hug but I send my love and prayers and a hug to you long distance. In a message I sent Suzanne, who told us about Gordon, I paraphrased a verse from the Bible that helped me when my brother died: "He has run the good race. He has fought the good fight" In looking at the photos Suzanne shared with us (which I think she must have gotten from you) I could see that Gordon was a man of many accomplishments who made meaningful contributions to our country, serving as a military aviator. I found those photos very impressive and moving. Another verse from the Bible which has comforted me in the loss of loved ones is "The eternal God is thy refuge and underneath are the everlasting arms." We are all, always, enveloped in his loving embrace.

I think of the dates when my brother, parents and other loved ones

died as their new "birthdays". In a sense, March 1st is Gordon's new birthday to his life, resting in the peace and love of our Lord. Cynthia, I'm thinking of you and your family and all the Doody family. God bless you and give you all peace and healing. Keep happy memories of Gordon.

I send you love and hugs,

Caroline (C.C. Latham)

P.S. I didn't know you lived in Michigan. I was a professor at Michigan State University before being invited overseas to teach in several countries in Asia and I still think of Michigan as my second home. For nearly 20 years I brought groups of my students back to Michigan and MSU to meet and experience the good people who live in Michigan-the heartland of America. You are in a place where I know you will have good support from family and friends.

“ O Captain! My Captain! Howdy (Gordon) Doody was the best airline captain to ever walk the face of the earth! He has been revered and respected by more pilots, both airline and military, than possibly anyone who ever existed. His professionalism and extremely keen sense of humor made him one of the most liked and respected people on earth! Howdy was always a joy to be around both in and out of the cockpit. He will be sorrowfully missed. Everyday with Howdy Doody was a great day! What a great guy! What a fantastic human being! Howdy has departed us too soon! Rest in peace my beloved friend, pal and Captain!
