“ *Hazel, you were always such a warm, kind person and a wonderful neighbor when I was growing up. I will never forget you coming to my cancer benefit dinner. Everyone who knew you, loved you, and we were all blessed to have you on the earth for so long. You will now be among the angels in heaven. Our condolences to the entire Riley family.*

“ *Hazel must have had a lot of stories to share over her 100 years. To be able to live on her own, yet I know she had lots of help over these last couple years who watched over her. Not to have to live in a nursing home meant she had loving family to visit and care for her. Diane, Angie and Bob, know that we send love and prayers from Arkansas.*

“ I remember most halloweens going over and seeing her before we went trick or teatig. She would give us the most candy and she always got so excited to see us in our costumes.

“ One of the things I remember most about grandma yes I called her grandma even though she really wasn't my blood relation. Was come rain snow wind or heat she would be at Dylan and Ryans game's and always cheer for all their team mates. Very sweet lady. I can still see wrapped up on cold football nights with a coat and blankets with only her little face showing. I will miss her.
