“ *I'm very saddened to hear of Howard's passing. I was in MIY's studio with Howard during under grad years at EMU. Howard was such a delight. He worked hard and was a excellent musician. We lost touch but, I won't forget what a nice friend Howard was to me and others at EMU. My sypathies to Marie and Howard's family. RIP
Sincerely,
Kathy Winchell*

“ Marie,
You and Dr. Mehler were such a huge part of my and my sisters life. My fondest memory was when I sang castle on a cloud, my last year in middle school at franklin MS and you invited him to come listen to me. The following year, I was VD. Words cannot express how much you both did for me. So many years later, the impact is still the same. My heart goes out to you and the family.

*Sincerely,
Lauren Sands*

And on behalf of my sister Kristin May

“ Dear Marie,
Lee and I were so sorry to hear about the passing of Howard. He was such a really good person and so giving of himself. He carried our wedding rings 47 years ago as our ring bearer....he did such a lovely job and looked so cute.....what a beautiful memory for us. He continued his life helping others in so many ways.

*Our thoughts and prayers are with you. He will be truly missed!!

“ I was in Biology Club with Howard in high school. We were friends then, but lost touch and I never knew what a talented teacher and musician he was. While I am sad to know I will never see him again, it is good to read the comments here and learn how many lives he touched.

“ Its hard to think that Mr. Mehler is gone but he will never be forgotten. For me Mr. Mehler is the best music teacher anyone had he was there to help you get better not to hurt you or make you feel bad. Mr. Mehler will always be the music teacher that inspired to do better with my singing then to stay quite. So I thank him for the help he has to me.

“ *My heart breaks for the students who will never get to experience Mr. Mehler as their teacher. He always had an open, non-judgmental ear and really supported my brother and I when our family was going through some difficult times. My time in Concert Choir and the Vocal Dimension are some of my best memories from Wayne Memorial. He will be missed. - Antoinette (Gilbert) Porter*

“ *I have always admired how Howard has grown up in a family of strong faith, and dedicated to a ministry and music filled the hearts of many. His parents, Ralph and Irene were part of the scarlet thread that held the faith community in Macon together. Ralph displayed the same character of Godliness, taking care of his wife, Howard's mother Irene, after a long-time injury plagued her health.*

Howard's ministry practiced showed he was totally dedicated, doing whatever it took to serve God and Jesus Christ to the fullest. There was no looking back to determine the return on investment in a worldly sense. There was only a rejoicing over a bumper crop of investments made in God's heavenly kingdom. Howard is one of those persons who will leave a huge hole in all the communities he and Marie generously shared their talents in. I pray that God rest his soul and help Marie to be in God's peace knowing that there is a place made in heaven for him by the Lord.

“ Howard was a wonderful person who was taken from us much too soon. He touched so many people with his music, his character, and his caring.

Those were wonderful years when we all studied together in Mary Ida's studio.

I wish that I could be with you at the service, but I live in California. I will be with you in spirit and prayer.

To Marie, Dan, Irene and all the family - blessings, love and prayers are with you. Be in God's peace.

“ I remember Mr. Mehler teaching the youth choir at my church, which was the best reason to go to church... and then later all through various choirs I was part of in high school. Its sad he's gone at such a young age. His memory lives on in the music in the hearts of those he's touched.

“ I was shocked and totally grief stricken to hear of Howard's passing. It was too soon for an amazing man that had much more to give. Howard started out as my sons' choir teacher and became a close personal friend. My sons, Nic and Justin Girouard would not be the men they are today without Howard. He guided their musical life from 8th grade through college where they both got degrees in music business and voice. He discovered Nic in 6th grade and sent us to the Ann Arbor Boys Choir so Nic didn't have to wait for 8th grade choir to start to develop his voice. He helped me guide their personal life as friend, mentor, and father. Howard spent countless hours with my sons after school picking out audition songs and perfecting their performance for solo and ensemble, auditions for choirs, auditions for Interlochen, and auditions for college. Every concert, play, or event they were in, Howard and Marie were there. Howard just attended Nic's wedding in July. Howard was truly a part of our family. Our whole family is devastated. God bless you Howard

“ to Marie & Howard's family: Our sadness and sense of loss can't compare to yours, but we grieve with you. It's much too soon for us to lose such a great guy. His high standards and advanced skills didn't get in the way of making music with people of all ages and backgrounds. Everyone benefited from his knowledge and love of music! I have fond memories of working with him while we were at Eastern and at performances at First Congregational Church --- challenges were always handled with laughter and a light heart. It's hard for me to believe that such a wonderful man is gone. He had many years of doing what he loved but he deserved many, many more. God bless you.

“ At the end of my 7th grade year, this gracious man wrote to me: "Joshua - I am so proud of how far you have come as a musician but even more so as a person. BRAVO!" He taught me that being a good person is the most pivotal thing in life. Bless his soul and may his music making and teaching ring in our hearts forever -

“ *Rest in Peace to a great teacher and a wonderful person. From 8th grade until I graduated, Howard Mehler was my choir teacher. More than that, he was a good friend and someone I could look to for comfort and as a safe ear to confide in, being the awkward outcast I was in high school. I had recently thought that I would send him a letter expressing how much of an impact he had on me as a teenager, and how fondly I still think of him. Unfortunately, that letter did not come to fruition in time. I had not seen him in years, but I am deeply saddened to hear of his passing. I will have to make sure I send a letter to his wife to express my sentiments.*

“ Not just a teacher, Dr.Mehler was a kindhearted, compassionate person who cared for his students like they were his own children. I had the honor of having Dr.Mehler as a teacher from 96-98, in Women's Ensemble, Vocal Dimensions, and as the music director in two musicals at Wayne Memorial High School. Dr. Mahler was unfailingly compassionate and kind to his students, pushed us to strive for our best, and always had a moment to listen. He is one of my favorite high school memories, and will be so very missed.

“ It hurts my heart to hear that the world lost a amazing person. I graduated in 2001 from wayne memorial high school and the entire 4 years i was there i had him as a teacher and mentor. He was one of the best teachers and friends i ever had. He helped me through a lot of hard times. The world will miss this amazing man but he has a higher purpose that he couldn't fulfill in this life. You will be missed greatly by many people. And to Dr. Mehler's family i just want to say I know you all are grieving but know that he was a extraordinary man and an amazing music teacher. He will live on with all of his students and people that he has touched in this life. I know that his music will live on through me as well. Stay strong and know that he was an amazing man and did so much good in his life.

“ He was my favorite teacher and i had the pleasure of knowing him and his wife from middle school through high school. I remember a time after i graduated Wayne High where some of the alumni choir members came back and surprised him at a concert and we thought he was going to faint when he saw us on the stage. He didn't but it was a great surprise and i enjoyed doing it. He was a great teacher and he will be truly missed.

“ HE was one of the most inspired teachers. He was there for everyone of his students. He was the one that inspired me in high school to be something great in life. I know that he has inspired so many and touched and changed so many childrens lives. HE was an amazing man and one that I will remember the rest of my life. I have been blessed to have known him. I know that he is in a much better place and will still be guiding so many because he is in the hearts of many. Thank you Mehler for everything that you have taught me. You are loved and treasured by many.

I am forever grateful for all the passion and love he has shown me and many other students. I dont think I would be the same individual had he not been such an impactful and inspirational teacher. His class was an escape from everything. HE was a teacher a counselor and friend. You will never be forgotten. I will forever hold the lessons you have taught me very close to my heart.

May you rest peacefully and continue to inspire from up above.

“ I never had a teacher like Mr. Mehler. He was the best and meant so much to me. If it was not for him I would not have graduated high school. “ I do not have the words to express just how much Howard will be missed. I was a student of his for a couple years at Jefferson Elementary and then again at Wayne Memorial when he first started there for the 93-94 and the 94-95 school years. I remember him fondly as the choir director at First Congregational Church in Wayne when I started attending there in high school and singing in his and Marie's doctoral concert at the church. With him playing the organ when I married in the church and his assistance over the years with various solo pieces when I had difficulty choosing what to sing, I will always remember his love and support for his students, even after we graduated and moved on. He was a selfless, kind, and wonderful teacher and a talented musician. I used to joke that he reminded me of the absent minded professor at times in terms of his music organization, but he would do anything he needed to be there for his students even if that meant other duties needed to be set aside. I fondly remember how nervous he would get for us when we would have concerts and solo en ensemble, and how he would rejoice with us for a job well done. He will leave a lasting legacy of his love of music in those students he touched, we will never forget him. My prayers go out to Marie and his family during this time.

Rest In Peace Howard, we all love you and will miss you dearly.

“ I was a student of Dr. Mehler's until 2004 and everyday I am grateful for having him as my teacher. He was always there for me and anyone who wanted extra practice or just wanted to talk. He was so good at listening. He really helped me during my time as his student, whether it was academic or if I just needed a shoulder to cry on. He was the support I needed when I was having issues at home and when I came out. He never waivered and was always there to give me the help I needed. He would even bring grape juice to the class because he knew that I didn't have any food to eat. He trusted me, and knew how much potential I had, and to this day I haven't forgotten how much I owe to Howard. Without him, I wouldn't be here today. Every time I feel hopeless, I just think of Howard, how much he pushed me when I needed it most, and I think to myself "I cannot let him down". I'm still fighting, and I will always remember him and all the wisdom he has given me, and I promise that I will not let him down.

Howard was a truly amazing teacher, and ultimately, a friend. I am devastated by the loss and I pray that he is in a better place, because he damn well better be. I am proud to have been one of his many students and he will forever be my mentor. Rest in peace, doctor. I miss you and love you and will never forget you.

I have an entry posted above. In looking at many of the entries here, I am comforted and not surprised to see how similar many of the remembrances from former students are. Thank you for sharing what you did because it really summed up his impact on so many of us very well. I hadn't seen him in many years, but I am heatbroken by his loss as if I had just graduated yesterday. This is one of the better effects of the internet age -- people can be far away but be able to share in their common experiences even if they cannot in person.
