“ I want to thank my sister Joyce for the loving care she gave to our Mom, her husband Bill for all the support and sacrifice. I never had to worry about my Mom being taken care of.

*Mom, I will forever remember all our trips to Macy's in the past years, mostly walking around, sometimes buying....and sometimes buying the same thing. Since you moved in 2013 I don't go to to the mall much, when I do thoughts of you come to mind. Even now when I've been out shopping alone, I will hear a woman say "Mom" and I would turn around and see a woman with her older Mom shopping... I would stop and think of you, with a ping in my heart and at times a tear felt in my eye....I would miss you.*

*I will remember the dinners together with my family. I think of you when I see Family Feud on TV and watching lots it until late at night when I was visiting you at your home here or visiting in Florida...of course a bowl of ice cream too.*

*Rest in peace Mom,  
~ I Love you,  
Dotty*

“ All,

*I wanted to take a moment to share our condolences to all of the family following the loss of Nana. We knew she was beginning to have failing health but felt good knowing she lived a long life filled with love of her family.*

*We are living in a strange time with the Corona Virus going around and after speaking with Frank, we have decided that we will not be able to attend Nana's funeral proceedings. We do this for the safety of all in our family. Frank works around many students from major universities in Ann Arbor and Ypsilanti and given the guidance of the CDC and the president, we do not want to cause additional exposure to our children or other members of our family.*

*Our love for Nana endures and we feel like she would not want to put her loved ones in a position to get sick. We will keep our fond memories of her close to our hearts and wish you all health in this concerning time.*

*Best wishes to all,*

*Mary, Frank, Madolyn and Maggie Maxwell*
