“ Marti, Joe, family and friends, my deepest condolences to you...
When I got the news, my heart shattered. I'd known Jim (Jamie to us) since he was about 6. His sister Marti Popyk was my first friend when we moved to Saline my Freshman year of high school. I became a part of the family over the years.
I watched him grow from a little kid to a very fine man. He was such a constant in our lives, even if he stayed in the background most of the time. He and his sister became godparents to my children, a role they each took to heart.
Jamie had an incredible sense of humor, of loyalty, and most of all family. If he loved you, he did it with all his heart. And if you were one of "his" you knew he had your back whenever, wherever, however.
Jamie (never could get used to calling him Jim for some reason), my dear sweet friend, you will be missed and loved into eternity and beyond.

“ Jim was an exceptional Master Trainer. His loss will be felt by our tight knit K-9 community for a long time to come. His memory will live on in countless numbers of K-9 Teams he mentored and worked with over the years. I will always carry his advice and wisdom with me. Rest in peace sir.

“ Shared so many amazing memories with our ER family in the over 11 years I worked there. We all had so many laughs at the podium! Through all the traumatic and intimate moments we all shared as an ER family Loader was always a part of them. We all share so many memories from those days! Loader you will be so missed, you have touched everyone of us. May you be at peace my friend.

“ Loader was one of the most dedicated, and caring man I have met. I worked in the ER with him for about 2 years. And every night I went in I felt safe. He always made sure the staff in the ER was safe and smiling. It was never a dull moment with him and Nikko. He will be missed dearly. Until we meet again Loader!

“*Condolences to family and friends, Loader you will be missed! So many memories in the ER! I come back to one in particular when I was getting my GSD puppy and Loader told us to get the food at Feed Rite, Fromm to be exact and when we got our pup, we brought him up to meet “Uncle Loader”. He then gave us the patch in the pic to make Chief an Honorary K9 Unit Member....we ran into him numerous times as he lived only two miles from us in town...so many times we said we’d bring Chief over and life got in the way... this is one of those times that David and I regret not making time....RIP Loader, run free with Neeko and be happy and free of pain!*

“ Nothing I say will do this man justice for what he did for us in the ER. He and Nikko kept us safe from violent patients quite frequently. He also knew when and how to deescalate situations when empathy and kindness was needed more than firmness. He was a quiet professional yet would go out of his way to lift others up when the shift had become a dumpster fire. While we mourn him, let us thank God that such a man like him lived. Until we meet again brother.

“ Jim and I went through CPI training together when it was first introduced to the ED. He was always so engaged and empathetic with the staffs needs when it came to feeling secure and safe in the work environment. I still have pictures of Nikki in his boots to this day. RIP Jim know that angels will keep you safe as you kept others safe.
