“ I have very fond memories of Janet coming to stay with us at my parents farm - I am only 8 years older than Janet and with at least 5 of my siblings still at home, some younger, some older, you can just imagine the escapades "Janet got us into" - what fun we had - We all loved Janet - Love to her family too.

“ So many memories. Good memories and I will miss your laugh. Your openness, honesty and genuine sincerity. There were so many, many projects with the March of Dimes over the years: WalkAmerica, The Big Wheel Race, Jail and Bail, The Baby Shower, the Youth Conference at EMU, Blue jeans for Babies, Mothers March, Corner Health Center, and making Zach a March of Dimes Ambassador when he was four years old. Decades ago, I was a college student working in a genetic research lab when we met. I was on the March of Dimes Board, when we voted you as the March of Dimes Ann Arbor Director. Your down to earth, honesty and real experience with the issues of premature babies (having two of your own) gave you a depth of compassion and understanding that showed through your passion and support of the mission of the March of Dimes. Twenty years later, when Zach was born prematurely, you were amazing in your encouragement and support. I was honored to give you a retirement party. You left a legacy of dedication, honor and goodness rarely found in most people. You always put everything into your family and work. Your laughter, mischief, and many talents sewing, crafting, baking, will be missed. Jan, thank you for your unconditional love. My family sends our love and prayers to your family. My heart is breaking.--I will remember good times and all the good deeds. " Oh Captain, my Captain..." --Walt Whitman

“ Oh my goodness, how to even begin to describe Jan as I knew her. I worked for Jan for many years at the March of Dimes and I had the honor of becoming a family friend as well. Jan had a tremendous array of skills and ability to make other people feel important. She was creative, sharp, funny, fierce, dedicated, prioritized her family above all else, and had a bit of a troublemaker edge to her too (okay sometimes more than a bit). What a tremendous woman with a huge heart full of love. I am absolutely a better person for having known her.

“ What a GREAT woman with a caring heart! I have so much respect for the many good works she undertook. A tour de force in the community. Sending my love to her family.

“ To the entire Loader family, I am so very sorry for your loss. I was so entirely blessed to have her as a second mom during some of my rougher years in life. I loved her smile and her laugh, especially sitting on the back porch or in the yard. I learned the significance of Sunday dinners and my house is never without lots of cookies and treats at Christmas thanks to her influence. Although, I still can't make a shortbread cookie like she could! I wish all of you peace and comfort.
