“ *I was saddened to learn of Janice's death. Many years ago I worked with her at University of Michigan Hospital. Janice was one of the most gentle in spirit nurses I have ever known. Her eyes would twinkle when she smiled. My condolences to her family. I know you have lost a treasure in your life. May you be comforted by your many life memories with her.*

“ *I worked with Janice for many years in the UM recovery room; she was one of the most compassionate and thoughtful nurses I've ever worked with, always very gentle and kind and she always took the time to listen to her patients.*

She enjoyed a good joke and had a warm smile. I will always have fond memories of our time working together.
