“ Dr. Guerresso is how I knew Kathy. I met her during my third pregnancy. I had a yet to be diagnosed condition that caused a lot of pain, especially during pregnancy. She was so patient and gentle and kind. I stayed with her for 5 years or so even driving far to see her. As a care giver she was kind and compassionate. I needed that at that time in my life and she set the bar high for every doctor after. May all care givers be so kind. I am sad to hear of her passing. The world lost a beautiful soul. May we all carry the flame on.

“ Kathy and her sister Linda we're my little sisters. I used to babysit them when they were young. Her parents have been in my life since I was 16, a very long time ago. Her parents are so special to me and my love and condolences go out to them , Linda and Kathy's children. A special family who deserve comfort at this time. God bless 🙏🙏🙏💔

“ We loved Kathy.. she was a wonderful person, caring and loving to everyone she met. When we were in New York for my sister Janet's 50th birthday, (Kathy's mother) that Kathy planned, she took care of uncle Vike in New York City during the family tour..Due to his disability she walked all through the city with uncle Vike, at his pace, while all of us were rushing ahead checking out the city.. we loved our special Christmas visit with Kathy and the family in Redondo Beach, and in Phoenix.. she will be missed by the family and our world! Much love & Blessings from Calif. ❤️
