“ *Larry was a treasured friend. I loved the pranks he played on me. He fought a very courageous battle. He will be greatly missed. Kris and family*

Kris - August 18, 2021 at 12:48 PM

“ *I remember my mother worked at Consumers Power in Muskegon. I'm pretty sure Larry worked with her and I remember he would draw pictures for me. I drew a snoopy dog for him. I think I still have the nice letter he wrote to me. This was a very long time ago but the memory has always remained with me. I am very sorry for your loss.*

MS

“ A great friend for 68 years. Pained me to see what he had to go through the last few.

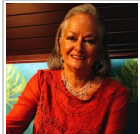

He was so strong through it all, which made me admire him even more.

We had so many laughs and good times. Will never forget him.

Best wishes to Barb and kids and grand kids who he loved so much.

“ The Muskegon High School class of 1965 wishes to express our sorrow at the passing of one of our dear classmates. He left this world, his family & friends just days after the class celebrated the 55th plus 1 Class Reunion. Our sympathies to his family. He will be sorely missed!
