“ *I was shocked to hear of this after re-connecting with him at Motor Muster this summer. We talked for hours about what we've been doing since high school. It was the best 4 to 5 hours of conversation I'd had in years. We had some good times in high school even though we didn't hang out after school, just the usual run into each other at times. So many memories, I'm thankful for the time we got. Soft and safe Mark, until the eternal cruise comes my way.*

“ *We were saddened to hear of Mark's recent passing. He was a dear friend and neighbor, and will miss his great smile and his laughter. Mark was always busy working on his beautiful yard or his cars that he loved to tinker with. He always had kind words and was fun to be around. May his family find the strength to bear their grief in the difficult days to come.
In love and sympathy,

“ I was a classmate of Mark's grade school through high school graduation. We had just re-connected this past year through Facebook. I was stunned and saddened to hear the news of his passing. His Facebook posts were a lot about coffee - he obviously loved his coffee and his posts always made me smile. Sending prayers of peace to his family and friends. Lori Sbroglia Mariles
