

# Michael David Bugeaud

December 27, 1984 - September 3, 2024

Michael David Bugeaud of Ann Arbor, Michigan passed away peacefully at home with his family by his side on September 3rd, 2024.

Michael was born on December 27th, 1984, to David and Cherie (Norris) Bugeaud of Saline, Michigan.

Michael grew up in Saline, Michigan and graduated from Michigan State University with a Material Science Engineering degree. He moved to Colorado after college and worked as a Research Engineer at the US Air Force Academy. He enjoyed his time there hiking and camping in the mountains and just hanging out with his Colorado buddies. Ten years ago, he moved back to Michigan and started working at the General Motors Tech Center as an aluminum expert and truly loved his job and his co-workers.

Michael loved the outdoors and enjoyed snowboarding, wakeboarding, rock climbing, hiking, biking, and camping, especially with his beloved dog Vader who was always at his side.

Michael is survived by his parents, David and Cherie Bugeaud; sister, Allison Cummings; brother-in-law, Rory Cummings; and his niece and nephews that he adored immensely, Lillian, James, and Henry Cummings, as well as his grandmother, aunts, uncles, and cousins.

There will be a gathering to celebrate Mike's life at a later date.

In lieu of flowers, it is asked that you please make a memorial donation in Michael's memory to the "No Stomach for Cancer" Foundation (<https://nostomachforcancer.org/?form=HonorandMemorialGift>) or the Humane Society of Huron Valley (<https://www.hshv.org/give/donate/>).

Please leave a favorite memory you have of Michael or feel free to sign his guestbook.

“ Michael participated in the Materials teams that I ran at USCAR. We worked together for about 7 years. He always had a smile on his face, was smart, respectful and fun to work with. He is missed.

“ I have known Mike since 2015. He was instrumental and a big part of collaboration between GM and Commonwealth. He was a great engineer to work with, had a ton of knowledge and was able to make sound engineering decisions quickly and guide both internal and external supplier teams. He will be missed greatly. My deepest condolences to the family and friends.

“ Worked with Mike at General Motors for several years. Mike was always willing to support, eager to learn, and help others at work and outside of work. He will be missed. My condolences to the family. Mike is at peace and with our lord, God Bless.

Mike Ostermiller - September 07, 2024 at 09:57 AM

AH

“ I have worked with Mike at General Motors since 2016. Mike was always a very kind and hard-working individual. I know he loved his family (including his dog!) and loved the outdoors. It seemed that every chance he got he was back in Colorado doing some hiking, biking, or other things. I am truly blessed to be able to have been blessed with Mike's presence for the too short time that I had.
