“ *Happy anniversary baby!!
We made such a wonderful and beautiful life. I can't wait to see the flowers you have made when I get called home to you. I would do anything for you. Thank you for doing everything for me. Thank you for never running away. Thank you for every promise met and every laugh fest just before we fell asleep. Thank you for making me a mom to two beautiful girls. I hope you know how much we miss you. I love you forever and beyond. 💕💕*
