“ I am shocked and saddened to hear about Pat's passing. She was a treasure in my life and I am so happy to have known and worked with her. She was always ready with a smile and solution. She was key contributor to my development in the early years in my work the College of Engineering and set a standard that I can only hope to reach. Every thought of her fills me with happiness and brings a smile to my face. My heart aches for your loss. May you find comfort in the support of those that knew her. My wish is that you will dwell on the wonderful life she lived and the love she gave so that you are sustained in your grief.
