“ *I just learned of Price's passing. I went to high school with Price. We just had our 50th reunion and I was saddened by the news. I lost track of him over the years. The last time I saw him was at the ten year reunion of our 9-0 Michigan Class B State football championship team. He was just a good guy and fun to be around.*

“ *I also had the pleasure along with Alex Perches to work with Price at the Ann Arbor Kmart. It has been many long years now, but I remember him as a very welcoming, kind, and humorous man. My thoughts and prayers are with his family and friends. God bless you and bring you comfort!*

“ Carol, Shannon and Heather,

Was very saddened learn about Price. I will always remember his booming voice and generous laughter. He was possibly the first person who spoke to me after we moved to Saline. I was days away from delivering Jessica and he called out to me across the courtyard - "Hey! Are you expecting twins?" It still makes me smile.

Our thoughts are with you and we pray that your happy memories will sustain you through these hard days.

“ *So sorry to hear about this. I loved working with Price at Kmart. He welcomed me when I first transferred to Ann Arbor. He truly went out of his way to help out everyone. I would see him driving the big rig around town and loved when he would see me and honk his horn! He always tried to make everyone smile! God Bless the Kilway Family!*

“ *I worked with Price at Plum Market. He used to call me every morning to make sure I got to work on time and the first words out of his mouth would always be, "Ya up and rollin?" He was the type of person to always go above and beyond to help others. I really miss that guy. I am praying for the much loved family I used to hear so much about. I know he will be watching over you always.*

“ *Carol, to you and your family:*

I met Price only a couple of times but I remember when I met him for the first time he reminded me so much of my dad. When you told me that while he was in the hospital he cared more for those around him suffering than himself I knew my instinct was right. For whatever reason, God has a purpose for people like Price and my dad, these rare souls. Price may be gone in body but he will never be gone in spirit, because he will always watch over you. I still feel my dad with me especially when I need him most. I talk to him almost every day and ask for his guidance as well as God's. And I know that they're still with us. You will see Price again one day. He will be saving you a place beside him for the next journey. Take comfort that he is no longer suffering and that he will forever go on in all of your hearts and in every generation thereafter. My prayers and thoughts are always with you.
