“ I met Ronnie on the school bus when we got stuck in the snow, bus driver went to get help leaving just him and me. He planted a kiss on me (I was a kindergartener and him 1st grade) well it must have made quite an impression on me! I never forgot how good he made me feel! I've told my kids about it over the years and it's been the family joke. He probably didn't even remember it, I wished I would have gotten to meet up with him he sounds like a great guy!! Praying for God's peace for his wife and his family 🙏❤️

“ Several years ago, our son Danny and I met Bonnie and Ronnie in a Dr's. office. Danny was a young kid going through a tough time and Ronnie took him under his wing. He invited him to "the shop" and they became fast friends. I'll never forget the kindness and hope Ronnie gave Dan. He ended up being one of Dan's best friends even though there was a 44 year age difference. I didn't spend a lot of time with him but our boy did and I'll be forever grateful to Ronnie.

“ I met Ron in 3rd grade, we played in the dirt with our toy tractors at recess, as we got older we would go on snowmobile rides sometimes at night, I would be lost but Ron always got us back to the shop witch had a big wood stove always running and warm, once we took a old office chair welded some snowmobile skis on the legs, put a hitch on it took it out, hook it up, Ron said jump on Dave I'll go easy till we know how it will pull, well Ron went easy for about 20 feet then it was wide open for about a mile down the field, when Ron stop at the end , he was laughing so hard he fell over, he said my face was as white as the snow, Ron said I only could get it to 70 mph. when we got our driver's license sometimes we would cruise saline on Friday nights, sometimes would double date with our girlfriends, I remember one morning at high school we all would meet in front of the school talk with other friends before school, Ron was late, then all of a sudden Ron pulled with his dads big GMC tandem axle grain truck, we said , Ron what's up with this ? Ron replied car would not start, had to get here somehow!! when Ron was moving his big equipment and went passed the house he would stop in the middle of the road, jump out to visit for a bit, same if he was in his pickup, I sure will miss my dear friend Ronnie, till we meet again, your lifelong friend, Dave Kurowicki.
