“ *Bill and I spent many pleasant days hunting bobwhite quail in southeastern Kansas. I fondly remember those crisp Fall days, walking through bluestem pastures and meadows following our English Setter bird dogs Mandy and Gunner. With one dog on point, the other dog honoring, the anticipation of a covey rise was always a joy to experience. Later, over a meal, with many cups of coffee, we would talk at length over the performance of the dogs, books we had read, other places to hunt and well, just about life. I will always be glad I met and became a friend of a man named Bill Boswell. Now, when the leaves are falling, the bird dogs are running and the cool wind is gently blowing on my face I will always remember Bill, And, wishing he were there with me.*

“ *My dads grouse hunting partner and Ford motor company working buddy for decades. I am his friends son Derek Deman my father is Len Deman.*

I have three stories that are my favorite of Bill

1.

After a day of hunting Grouse we arrived at my dads nephews house in Fredrick Michigan and like always it was fairly late around 11:00pm (a habit in our family) And Bill being very polite did not want to disturb this family at the late hour so he basically declined to go in until we all jumped on him a demanded he go in with us and of course polite Bill said I guess I'll go in for a spell. Once we entered Dennis Deman's house my father proceeded to tell Dennis it was Bills idea to stop in which Bill look mortified and of course we all had on big laugh. My time spent with Bill was always at hunting up north in Michigan. He was a wonderful hunting partner for my father and he was an exceptional grouse hunter. He and my father made many trips out west to hunt different kind of grouse.

2.

Bill was I believe from Kentucky and he told my dad that like most people from the south that he enjoyed biscuits and gravy. He also told my dad that he had them all over the United States and the best he ever had was from the cafeteria at Ford Motor company in Ypsilanti, Michigan where they worked, I just thought this was so funny.

3.

I also have had the honor of cooking for Bill at our hunting cabin just outside of Grayling Michigan after a long day of hunting birds. I made fried pork chops in a cast iron skillet with whipped potatoes and homemade gravy from scratch just like my mother used to. I felt much pride when Bill said Derek this is one of the best meals I have ever had.

I have so many fond memories of Bill Boswell and I wish him peace in the next life and may God Bless him.

Just having met Bill last year while camping last year in Florida I found him to be quite the talker and we all enjoyed his stories, what a great man and he will be greatly missed by all that knew him!

It would be hard to find a finer man than Bill. Always kind and considerate of others. Always enjoyed our times together. The grouse woods will seem a little more empty without him and his tales of bird hunting enhanced by his smooth as silk southern draw. We surely will miss Bill.

Love, Brian and Lori Allison.
